Appendix C – Staff Structure	52
Appendix D – NSL Services Training Plan	53-55
Appendix E – Total number of PCNs for each on street contravention	56-57
Appendix F – Total number of PCNs for each off street contravention	58

Foreword

Welcome to the 10th Parking & Transport Infrastructure Annual Report which sets out our achievements during 2017/18. We are proud that last year's report was shortlisted for 'Best Annual Report' as well as being recognised for best practice of the 'Presentation of Finance and Statistics' in the Parking and Traffic Regulations Outside London (PATROL) Annual Report Awards. It is pleasing to see that we have been recognised for improving public information, promoting transparency and changing negative perceptions around parking.

This year's report demonstrates how our civil parking enforcement regime fulfils its transport objectives, by improving road safety and managing traffic flow whilst also applying discretion and educating drivers about the implications of their actions. It also shows how we help to support the local economy by assisting in the organisation of festivals and special events.

For example, a highlight of 2017/18 saw County Durham host its 5th biennial Lumiere Festival, with a record 240,000 visitors coming to view the UK's largest light festival. Lumiere invites local and international artists to create works that reimagine familiar buildings and public spaces, changing the way we experience our urban surrounding. The report details how the Parking Services team assisted with the smooth running of the event.

In 2017/18 we continued to support local businesses through the implementation of the "free after three" parking scheme, where we offered free parking after 3pm throughout December in all Council owned on and off-street pay and display parking spaces.

I do hope that you will enjoy reading the report, and if you have any questions please do not hesitate to contact the Parking Services team on 03000 263 985 or email parkingservices@durham.gov.uk.

Councillor Carl Marshall

Portfolio Holder for Economic Regeneration

Our Purpose

Our mission

We have developed our mission statement to align with both the values and expectations of our stakeholders as expressed in the Council Plan, the overarching plan that directs the planning of all services in the Council and the Local Transport Plan 3 (LTP3), a comprehensive plan for the future of transport in County Durham. Our mission is:

To contribute to the development of the economic, social and environmental wellbeing of County Durham by working in partnership with stakeholders to provide a quality, cost effective parking service.

Our values

Our values define the way Parking & Transport Infrastructure operates. These are the principles that guide our actions. Our values are:

To believe in what we are doing and how we are doing it and to act with fairness and integrity at all times.

Our aims

Our aims align with those contained within the LTP3 as shown in the table below.

Our aims	LTP3
<i>Improve road safety</i>	Safer and healthier travel
<i>Improve the quality and accessibility of public transport</i>	A stronger economy through regeneration Better accessibility to services
<i>Fulfil the transport role in the delivery and support of a vibrant and efficient economy by managing traffic flow</i>	A stronger economy through regeneration
<i>Build liveable streets and neighbourhoods by managing and reconciling the competing demands for kerb space</i>	Improve quality of life and promote a healthy natural environment Better accessibility to services
<i>Improve the local environment</i>	Improve quality of life and promote a healthy natural environment Reduce carbon output
<i>Meet the needs of people with disabilities</i>	Improve quality of life and promote a healthy natural environment

Our objectives

We judge the success of our operation according to how far desired transport aims have been achieved, not the number of PCNs issued. To measure our performance we have developed a number of objectives that are SMART (specific, measurable, achievable, realistic and time bound) and are designed to motivate and encourage performance. Our objectives for 2017/18 were:

Aim: Improve road safety

Objectives:

Improve road safety by enforcing School Keep Clear restrictions and areas marked by zig zags

Improve road safety and the local environment by educating drivers about the implications of their actions

Aim: Improve the quality and accessibility of public transport

Objectives:

Increase passenger journeys on the Durham P&R service by continuing to provide a high quality accessible service

Improve quality and accessibility of public transport through the enforcement of bus stop clearway markings and taxi ranks

Improve the accessibility of public transport by delivering improvements to transport infrastructure

Aim: Fulfil the transport role in the delivery and support of a vibrant and efficient economy by managing traffic flow

Objectives:

Ensure expeditious movement of traffic through the enforcement of waiting and loading restrictions

Support economic growth by assisting in the organisation of festivals and special events

Support the local economy through the enforcement of limited waiting bays

Aim: Build liveable streets and neighbourhoods by managing and reconciling the competing demands for kerb space

Objectives:

Build liveable streets and neighbourhoods through the introduction and effective management of CPZs and CPAs

Assisting with the removal of obstructions on the highway, including caravans and trailers

Aim: Improve the local environment

Objectives:

Preserve the historic environment of Durham City through the enforcement of the Historic Core Zone (HCZ)

Aim: Meet the needs of people with disabilities

Objectives:

Meet the needs of people with disabilities by ensuring legitimate use of designated blue badge holder bays

Carry out blue badge enforcement, prosecuting those who abuse the blue badge scheme

Our performance against these objectives can be found under 'Statistical Performance'.

Our policy

Our policies in relation to CPE can be found in the 'County Durham Parking Policies' document, available at www.durham.gov.uk/cpe.

Operations Profile

The Parking & Transport Infrastructure team is made up of 10 members of staff (see Appendix C for staff structure). The team is split into 'Parking Services' and 'Transport Infrastructure'.

'Parking Services' is primarily responsible for the management of: -

- Civil Parking Enforcement (CPE)
- Durham City Controlled Parking Zone (CPZ) and County Durham Controlled Parking Areas (CPAs)
- Durham City Road User Charge (RUC)
- Durham City Park & Ride (P&R)
- Blue Badge Enforcement

'Transport Infrastructure' is primarily responsible for the management of: -

- Bus stations at Durham, Stanley, Consett, Bishop Auckland and Peterlee
- Off-street pay & display (P&D) car parks in Durham City, Chester-le-Street, Bishop Auckland and Barnard Castle
- Maintenance of parking signs and lines
- Installation and maintenance of electric vehicle charging infrastructure

The team manages in excess of 60 on-street P&D streets, 100 permit holder only streets, 1,000 P&R spaces and 2,000 off-street P&D bays.

In 2017/18 we issued almost 10,000 permits to residents of County Durham and their visitors and generated over 1 million P&R passenger journeys.

We work in partnership with our contractors, NSL Services and Scarlet Band. Together we have created a partnership with the ability to deliver a first class customer-focused service.

NSL Services is responsible for: -

- Employment and deployment of Civil Enforcement Officers (CEOs) for the issue of Penalty Charge Notices (PCNs)
- Processing of all PCNs up to Notice to Owner (NtO) stage
- Issue of parking permits for the CPZ and CPAs
- Operation of P&R sites
- Processing RUC payments
- P&D machine maintenance
- Cash collection and banking

Scarlet Band is responsible for: -

- Operation of the Durham City P&R bus service

We are committed to ensuring that our operational processes and enforcement procedures are fair, efficient, effective and economical. Further information relating to our operation is available online at www.durham.gov.uk.

Civil Parking Enforcement

CPE powers were introduced by The Traffic Management Act 2004 (TMA), which imposes an explicit duty on local authorities to manage their network to reduce congestion and disruption. The legal framework for enforcement authorities in England comprises Part 6 of the TMA and the regulations to bring Part 6 into effect.

These powers have allowed us to take on overall responsibility for enforcing parking restrictions within County Durham. Parking restrictions that were enforced by the police have been de-criminalised and non-payment of penalty charges can be pursued through civil procedures rather than through the magistrates' courts. The police continue to enforce all moving traffic offences as well as obstruction offences.

The benefits of CPE are well established and include:

- Encouraging sensible and safe parking which benefits all road users;
- Improving access to shops, offices, schools and other premises;
- Improved traffic flow and reduced congestion on the roads;
- Enhanced efficiency in the use of on-street parking (increased turnover of vehicles, maximising use of parking bays);
- Allowing buses and authorised service vehicles to operate more effectively;
- Effective targeted enforcement;
- Integration of on-street with off-street parking is possible;
- Single responsibility for parking means greater clarity and simpler perception to the general public; and
- Releasing the police to concentrate fully on crime fighting and other traffic offences

All of our enforcement procedures comply with appropriate primary legislation, regulations and traffic regulation orders (TROs). Our enforcement procedures can be found at www.durham.gov.uk.

Penalty Charge Notices (PCNs)

The primary purpose of a penalty charge is to encourage compliance with parking restrictions. The issue of a notice acts as a deterrent to those motorists who wilfully contravene regulations and also as a reminder that safe and considerate parking is a requirement for all road users.

The Secretary of State permits us to choose from one of two bands of penalty charges. We have chosen the higher banding of penalty charge to ensure we achieve a level of compliance in line with our aims and to ensure our parking operation is self-financing. This is in line with our neighbouring authorities.

We issue a £70 penalty charge for more serious parking contraventions such as parking in a place that is always prohibited and a £50 penalty charge for less serious contraventions such as overstaying where parking is permitted. All penalty charges are reduced by 50% if paid within 14 days.

A list of parking contravention codes and their associated penalty charges can be found in Appendix E and Appendix F.

Deployment

We are proactive in the planning and delivery of deployment solutions to ensure that we achieve our aims and deliver the authority's wider transport objectives.

CEOs are generally deployed 8.00am to 6.00pm Monday to Saturday. A reduced level of deployment is undertaken on evenings, Sundays and bank holidays. This reflects the general reduction in demand for parking during these times.

County Durham is enforced on a deployed hours basis. Streets receiving the highest level of deployed hours are those where contraventions would have the greatest impact upon the achievement of our aims and are typically in areas where the local community has expressed concern regarding parking practices.

Parking Services welcomes requests for enforcement in a particular location. In 2017/18 there were 501 requests for enforcement and all areas were subsequently visited by CEOs. Requests may be made by calling us on 03000 263985 or emailing us at parkingservices@durham.gov.uk.

Issuing the PCN and the role of the CEO

The main objective of a CEO is to ensure that parking controls are observed and enforced in a fair, accurate and consistent manner. CEOs are fully trained in the TMA 2004 (see Appendix D for NSL training plan).

When a CEO believes that a contravention has taken place, he or she will issue a PCN either by affixing it to the windscreen of the vehicle or by handing it to the driver. A PCN will be served by post if the vehicle drives away or the CEO has been prevented (for example by force, threats of force, obstruction or violence) from serving the PCN either by affixing it to the vehicle or by giving it to the person who appears to be in charge of that vehicle.

CEOs need to observe a vehicle for a time to ascertain whether certain contraventions are taking place. How long depends on the type of contravention. Please see Appendix E and Appendix F for a list of contravention codes and their associated observation times.

The exercise of discretion rests with back office staff as part of considering challenges against PCNs and representations against an NtO. This is to protect CEOs from allegations of inconsistency, favouritism or suspicion of bribery. It also gives greater consistency in the enforcement of traffic regulations.

In addition to issuing PCNs, CEO duties include the following:

- First point of contact on minor parking enquiries and enforcement matters
- Inspecting parking equipment
- Checking and reporting defective traffic signs and road markings
- Issuing information leaflets and warning notices
- Reporting suspected Blue Badge abuse

Violence against CEOs

Our officers report a 'code red' in instances of physical violence, and a 'code yellow' when they receive threats of violence.

In 2017/18, there was 1 recorded 'code red' violent incident, and 0 recorded 'code yellow' incidents. The 'code red' incident occurred in Barnard Castle.

	2015/16	2016/17	2017/18
Code Red	4	0	1
Code Yellow	5	3	0
Total	9	3	1

It is pleasing to see that violent threats and acts of violence against our CEOs is decreasing year on year. This may be attributed to the body cameras worn by our officers, which acts as both a deterrent against violence and is used as evidence to convict those who threaten or assault them.

Immobilisation/Removal

We have the power to immobilise and remove vehicles. The Secretary of State considers that these powers should only be used in limited circumstances such as where a vehicle repeatedly breaks parking restrictions and it has not been possible to collect payment for penalties, primarily because the keeper is not properly registered with the Driver & Vehicle Licensing Agency (DVLA).

Where a vehicle is causing a hazard or obstruction we remove rather than immobilise. Removal activity only takes place where it gives clear traffic management benefits and is deemed absolutely necessary. In 2017/18, no vehicles were removed.

Challenges, Representations and Appeals

Under the Traffic Management Act 2004, there are three stages of appealing a PCN. These are detailed as follows: -

Stage 1 – Informal Challenge

- If you have received a PCN but not a Notice to Owner (NtO), the PCN can be informally challenged in writing to The Parking Shop (NSL Services).
- If an informal challenge is received within 14 days of the PCN being served, the discount period may be reset if the challenge is rejected.
- If an informal challenge is received later than 14 days of the PCN being served, or challenged further after a response has been sent, the discount period may not be reset.
- Informal challenges must be made in writing
- Decisions are usually made within 10 days

Stage 2 – Representation

- When an NtO is issued, the vehicle owner will be provided with information on the statutory grounds for making a formal representation.
- Representations are made to Durham County Council's Parking Services team. As there is clear separation between the teams that deal with informal challenges and representation, the representation will be given fresh and impartial consideration.
- Representations must be made within 28 days of service of the NtO
- Representations must be made in writing
- A decision will be made within 56 days (8 weeks), but we aim to respond within 21 days where possible

Stage 3 – Appeal to the Traffic Penalty Tribunal (TPT)

- If you have received a Notice of Rejection of Representations, you are able to appeal to the TPT.
- TPT appoint an independent adjudicator who will consider your case and make the final decision whether to allow or dismiss your appeal.
- Appeals can be made online at www.trafficpenaltytribunal.gov.uk
- You can request a postal decision, telephone hearing or face-to-face hearing.
- It does not cost anything to appeal

In 2017/18, 10,908 items of written correspondence were received relating to challenges, representations and appeals.

All officers dealing with these aspects are well versed in the collection, interpretation and consideration of evidence; writing full, clear but concise responses and presenting our case to adjudicators when necessary. Officers will always give proper consideration to extenuating or mitigating circumstances and respond in a timely manner.

We are also aware of our duty to act fairly and proportionately and will exercise discretion sensibly and reasonably and with due regard to the public interest. We always approach the exercise of discretion objectively and without regard to any financial interest in the penalty or decisions that may have been taken at an earlier stage in proceedings.

We aim to respond to all correspondence in the time periods recommended by the Secretary of State, which are currently 14 days for challenges and 21 days for representations. We consider that this is necessary to resolve any dispute at the earliest stage and to foster good customer relations. Once we have come to a decision, the person making the challenge, representation or appeal will be advised promptly what we have decided to do and why.

Full statistical performance relating to challenges, representations and appeals can be found under 'Statistical Performance'.

Parking Restrictions

Some common parking restrictions and useful information is detailed below: -

Waiting Restrictions

- Waiting restrictions indicated by yellow lines applies to the carriageway, pavement and verge.
- Double yellow lines means no waiting at any time
- Single yellow lines will be accompanied by a time plate, and no waiting is permitted during the times shown on the sign
- You may stop to load or unload, or to allow passengers to board or alight.
- A five minute observation is carried out by CEOs to determine whether active loading/unloading is taking place.
- Loading activity must be continuous and the vehicle should not be left for any purpose other than active loading/unloading. This taking goods/items from the vehicle and to the property, getting relevant delivery or collection documents signed when applicable, and then returning to the vehicle. It does not include other activities, such as unpacking or paying for items.
- Blue badge holders may park on yellow lines for up to three hours, and must display the blue badge and parking clock in the prescribed manner.

Loading Restrictions

- Yellow marks on the kerb indicate that loading or unloading is prohibited
- Double yellow kerb ticks means no loading at any time.
- Single yellow kerb ticks mean that no loading is permitted during the times shown on the nearby sign.
- Boarding and alighting is permitted
- No observation period is required prior to issuing a PCN.
- Blue badge holders cannot park on this restriction.

Loading Bays

- Lengths of road reserved for vehicles loading and unloading are indicated by a white bay marking and the words 'loading only' along with a sign with a white on blue 'trolley' symbol.
- The sign also may show times at which the bay can be used. If no times or days are shown, the restriction applies at all times.
- A 5 minute period of observation is given to private motor cars, and 20 minute period of observation is given to commercial vehicles.
- Within Durham peninsula's historic core zone, all vehicles are given a 20 minute observation period. This is due to the limited provision of loading facilities and the likelihood of motorists being required to walk further to reach their destination.
- Loading activity must be continuous and the vehicle should not be left for any purpose other than active loading/unloading. This taking goods/items from the vehicle and to the property, getting relevant delivery or collection documents signed when applicable, and then returning to the vehicle. It does not include other activities, such as unpacking or paying for items.
- Blue badge holders cannot park in loading bays (unless loading/unloading is taking place).

School Keep Clears

- The purpose of this restriction is to create an area around school pedestrian entrances where there is clear visibility between drivers and pedestrians for road safety purposes.
- Stopping is not permitted on a school keep clear restriction, even to drop off or pick up passengers. As such, no observation period is required prior to issuing a PCN.
- Blue badge holders are not permitted to park or stop on this restriction.
- We receive a high number of enforcement requests at school drop off and pick up times. As such, schools are visited on a daily basis. In some instances, it is necessary to carry out a prolonged enforcement campaign and in these cases officers will visit the same school regularly over a number of weeks.
- Our CEOs often carry out joint enforcement outside of schools alongside the police, who can issue Fixed Penalty Notices to vehicles causing an obstruction.
- Where we can, we also introduce other measures to encourage parking away from the school gate. For example, one of the schools in Chester-le-Street is located opposite a very busy car park, which has the potential to be hazardous for the children. Every year we provide parking permits for parents whilst dropping off/picking up their children. These permits provide free parking in all our car parks in the town, except for the one directly opposite the school. This disperses the traffic across the town centre and helps to reduce the number of vehicles in the vicinity of the school.

On and Off Street Parking

Controlled parking helps reduce and control the problems of long stay parking by commuters, creating space for short stay visitors such as shoppers, tourists, residents and their visitors.

On Street P&D

P&D streets in Durham City are restricted 8.00am to 6.00pm Monday to Saturday. Parking is free outside of operational hours and on bank holidays.

Within Durham City the control and charging arrangements have been configured in order to manage demand for car parking:

High Demand - Streets closer to the centre of the City are identified as having a high demand for parking and are charged at a higher rate to encourage a high turnover of spaces and therefore increase availability.

Medium Demand - Streets further from the centre are identified as having a medium demand for parking and are charged at a lower rate than high demand areas.

Low Demand - Streets on the perimeter are identified as having a low demand for parking and are charged at the lowest rate

Permit holders

Streets are allocated a zone and permit holders are able to park in any permit holder only areas and P&D bays within their zone (please see Appendix B for a list of on street P&D and permit holder only streets in Durham City).

Outside of Durham City the number of permit holder only streets continues to grow with permit holder only streets now in Framwellgate Moor, North End, Chester-le-Street and Bishop Auckland.

Permit holder only areas in Framwellgate Moor and North End are restricted 8.00am to 6.00pm Monday to Saturday with the majority of permit holder only streets in Chester-le-Street and

Bishop Auckland restricted from 10:00am to 11:00am and 2:00pm to 3:00pm Monday to Saturday. Parking is free outside of operational hours and on bank holidays.

Further information regarding on-street P&D and permit holder only areas along with the type of permits we offer can be found at www.durham.gov.uk.

Requests for a permit holder only area

When considering requests for permit holder only areas our Strategic Traffic Section apply the qualifying criteria:

- Permit holder only areas will only be considered for residential streets within commercial areas which are subject to a high demand for commuter parking
- Requests for a permit holder only area must be supported by at least 25% of the households in the street and supported or raised by a local member on behalf of the residents
- More than 40% of kerbside space is occupied by non-residents for over six hours in the survey period and more than 85% of kerbside space is occupied by vehicles during the same six hours
- At least 75% of properties support the introduction of the proposed permit holder only area

Off-street parking

We are responsible for the enforcement of all Durham County Council owned off-street P&D car parks in County Durham.

We are currently working to upgrade the P&D machines in some of our most popular car parks, which will provide the option to pay by contactless payment. This means that motorists will no longer be restricted to having to pay by cash or having to pay for a set number of hours in advance, only to find they have paid for too many or not enough. Instead, they will be able to register their bank card on arrival and be charged for the time they stay.

Detailed information regarding off-street car parks can be found in Appendix A.

'Free after three'

Every December, we offer free parking with the aim of boosting local trade at Christmas. Shoppers are able to park for free after 3:00pm in all Council owned on and off-street pay and display parking spaces.

Grace Periods

Under the Deregulation Act 2015, where a vehicle is parked legally on a designated parking bay when it is initially parked, then a 10 minute grace period is provided before issuing a PCN from the moment it is parked illegally. This means as follows -

- A vehicle parked on a residents bay overnight when controls are not in place (and the vehicle is allowed to park), will receive a 10 minute grace period from the moment controls commence.
- A vehicle that parks on a residents bay, shared use bay or pay and display bay when controls are already in force, and the driver does not display a permit/scratch card or pay and display ticket is liable for a PCN *without* the need for a 10 minute grace period (any usual observation periods apply).
- A vehicle parked on a single yellow line (and not in a designated parking place) outside of the hours of control will be liable to an immediate PCN *without* the 10 minute grace period when controls commence (any usual observation periods apply).
- A vehicle parked in a bay that is not designated for that class of vehicle can receive an immediate PCN *without* the 10 minute grace period if it parks when controls are already in force. 10 minutes grace *will* need to be given if it is parked legally before controls commence (any usual observation periods will apply).

Park and Ride

Durham City is served by three P&R sites on the key routes into the city. These are situated at Belmont, Sniperley and Howlands. A direct bus service runs every 10 minutes to the city centre from each site.

Durham P&R operates Monday to Saturday, 7.00am - 7.00pm (closed Sundays and Bank Holidays). The sites offer free parking for users of the P&R bus service and unlimited daily travel into the city centre and back for £2.00 per person.

Parking at P&R sites is only available to those people purchasing a P&R bus ticket and using the bus service, as the service is financed by passenger fare income. Car sharing, parking and walking or cycling from the sites is not permitted.

All of our P&R sites have achieved the 'Park Mark Safer Parking Award' in recognition of providing a safe and secure environment through the introduction of proven management processes, physical measures and site security systems. The P&R sites are manned during operational hours and have CCTV security cameras relayed to a central control office at the Belmont site.

We are continuing to use the successful Pop 'Pay As You Go' system already running across the region, developed under the North East Smart Ticketing Initiative (NESTI) which includes all of the north east's councils in partnership with bus operators. Pop 'Pay As You Go' allows a customer to travel for the discounted rate of £1.70 instead of the usual day ticket fare of £2. The cards are easy to use as customers can scan them on the P&R buses to purchase their day ticket and top them up with credit online.

In conjunction with Durham BID, in 2017/18 we ran the Park and Ride service until 8:00pm on Thursdays. This was to assist the initiative "Thursdays in Durham", where shops stayed open later in the evening to help boost trade.

Road User Charge

Durham peninsula is home of the World Heritage Site of Durham Cathedral and Castle, Palace Green and a variety of buildings and streetscapes of significant historic interest. The city attracted over 4.29 million visitors in 2017 and is widely known for its historic charm.

To assist in the protection and preservation of the peninsula and to provide a safe and attractive environment for shoppers and tourists we operate a road user charge (RUC) system.

The RUC aims to reduce traffic congestion, reduce pollution and improve air quality in the heavily pedestrianised historic streets of Durham peninsula. The charge encourages motorists to access the peninsula outside of the RUC's operational hours, when there are fewer pedestrians. This creates safer and more attractive streets for everyone including residents, businesses, shoppers and visitors.

The RUC operates from 10.00am to 4.00pm Monday to Saturday (excluding bank holidays). A £2 daily charge applies for using the road during these times.

Payment may be paid in advance or by 6pm on the day the road was used. Payment may be made:

- in person at The Parking Shop, Suite 1, Forster House, Forster Business Centre, Framwellgate Moor, DH1 5HL. The office is open Monday to Friday, 8.00am to 6.00pm (excluding Bank Holidays); or
- by telephoning the Parking Shop on 0191 384 6633, Monday to Friday, 8.00am to 6.00pm (excluding Bank Holidays).

The RUC system is operated using an ANPR camera. Any vehicles found using the road during the restricted hours without payment of the charge may be liable for a penalty charge notice.

However, as there are a number of visitors to the area who may not be aware of the RUC, on the first occasion an advice letter is issued rather than a PCN. The letter explains why the scheme is in place, and explains how to pay the £2 in future.

If motorists are identified using the road without paying the charge on a second occasion, a £50.00 PCN is issued. Motorists have the opportunity to make representations against the PCN to the Council and may appeal further at the Traffic Penalty Tribunal (TPT).

Full details regarding the Durham City peninsula road user charge including exemptions can be found at www.durham.gov.uk.

Blue Badge Enforcement

The Blue Badge scheme provides a range of national on-street parking concessions for people with severe mobility problems, helping them park closer to their destination. There are over 2.5m Blue Badges in England, approximately 30,000 of which are currently issued in County Durham.

Unfortunately, the monetary value of the concessions available to badge holders can result in an incentive to abuse the scheme and commit fraud. As the misuse of blue badges undermines the scheme and takes parking spaces away from those who genuinely need them, Durham County Council undertakes blue badge enforcement to ensure that badges are being used legitimately.

In 2017/18, we successfully prosecuted 7 people for using a blue badge when the holder wasn't present.

Misuse can include:

- Using a badge which is no longer valid
- Using a badge that's been forged or copied
- Using a badge that's been lost or stolen
- A valid badge that is misused by a friend or relative.

Also remember that:

- The blue badge holder must be travelling in the vehicle for the blue badge to be valid
- It must not be used by anyone doing business on behalf of the badge holder, when the badge holder is not or has not travelled in the vehicle
- When the badge is displayed, the expiry date and the badge serial number must be visible. The photo and badge holder's name should face down

Members of the public may report suspected fraudulent misuse of Blue Badges by calling the Fraud team on 03000 266 745, emailing corporatefraudteam@durham.gov.uk or completing the online form at www.durham.gov.uk/bluebadgemisuse

Miscellaneous Parking Queries

We are responsible for dealing with all first line correspondence relating to parking. The most common enquires and our policies on these matters are as follows:

Driveway protection/keep clear markings

Policy: Driveway protection/keep clear markings will only be considered in residential areas where parking is generated as a result of nearby business, retail, leisure, educational or similar facilities.

Driveways obstructed as a result of the number of residents' vehicles in a residential area will not be considered for driveway protection or Keep Clear markings. This type of obstruction should be dealt with between neighbours. It is expected that neighbours park considerately and respectfully.

Driveway protection/Keep Clear markings are advisory markings and cannot be enforced by Civil Enforcement Officers. If a vehicle is parked on a driveway protection/Keep Clear marking it should be reported to the Police on the non-emergency telephone number '101'.

Disabled parking bays in residential areas

Policy: Disabled Parking Disabled persons parking places may be provided on street within commercial areas to assist disabled badge holders to access services. To provide greater opportunities for blue badge holders to access disabled persons parking places, in areas of high demand, limits on the duration of stay may be introduced to achieve greater turnover of use.

These mandatory bays may be enforced at any time of the day and will be supported with a traffic regulation order.

Subject to the determination of any objections through the normal statutory traffic regulation order process, disabled persons parking bays may be provided. However, the use of these bays cannot be restricted to an individual blue badge holder and must be available for use by any blue badge holder.

Disabled parking bays will not be introduced in residential areas where little or no demand from commercial premises is evident.

Caravans & trailers on the highway

Policy: Enforcement action will be applied to Caravans/Trailers stored on the highway or on other public land.

Caravans/trailers stored on the highway or public land constitutes an obstruction of the highway within the meaning of s137 of the Highways Act 1980.

Owners will be given 14 days to remove their caravan/trailer. If the caravan/trailer is not removed within this period further action will be taken which may involve removal and or disposal. Any costs associated with action taken will be the responsibility of the owner.

Customers can report a caravan or trailer parked on the highway at <https://doitonline.durham.gov.uk/MyServices>

Bus Stations

Bus stations play a vital role in providing access to and from town centres, as well as providing visitors and residents with access to local amenities, employment, education and services.

The quality of bus station infrastructure and the motivation and commitment of operational staff play an important role in enhancing the user experience of our customers. We have worked closely with colleagues in Sustainable Transport, bus service operators including Arriva and Go Northern and other partners to make the changes necessary to improve services and reduce costs. Transport Infrastructure will continue to manage and maintain the existing infrastructure at the county's bus stations to facilitate access to services and wherever possible, enhance the quality of the waiting environment for bus passengers.

Durham Bus Station

Durham Bus Station, situated on North Road, is the principal bus station within the county with almost 70 services departing per hour*. The bus station comprises of 11 bus stands plus an additional two set down stands on the approach to the main bus concourse. In previous years notable improvements were made to the bus station, however, due to constraints on the size of the site, capacity issues remain, and a number of buses also use the on-street bus stops on North Road and Milburngate. Plans to improve the facility are being developed, which would include knocking down the existing bus station and rebuilding a new modern bus station with improved facilities on the same site. It is hoped that the project would be complete by summer 2020.

Stanley Bus Station

Stanley Bus Station provides 10 bus stands, from which there are almost 30 departures per hour*. Transport infrastructure have worked closely with the Police to address anti-social behaviour issues which occur in the town centre and the bus station. Due to an increase in vandalism in the bus station during 17/18, Transport Infrastructure have proposed plans to reduce the size of the bus station in the evening when most of the anti-social behaviour occurs, and when there are lower numbers of bus services departing. The proposed plans are designed to try and reduce the level of damage caused through vandalism at the bus station, to create a smaller area for monitoring by Durham County Council's CCTV control room, and to make the area more manageable if the Police are required to attend. It is hoped that the project would be complete early in 2019.

Consett Bus Station

Currently over 20 buses depart from Consett Bus Station which comprises of nine bus stands and three additional layover stands.

Bishop Auckland Bus Station

Bishop Auckland Bus Station provides a transport hub for South Durham with over 40 departures per hour*. The bus station has 11 bus stands and is primarily made up of bus shelters. Each of the bus stands benefits from electronic real time information displays, informing passengers of when their buses are due to arrive at the stop.

Peterlee Bus Station

Peterlee Bus Station comprises of eight bus stands which accommodates almost 40 bus departures per hour*.

** Bus departures are based on daytime departures per hour during Monday – Saturday*

Partnership Working

The Parking & Transport Infrastructure team and its partners, NSL Services and Scarlet Band understand that collaborative working is essential in order to meet each organisation's aims and objectives. Together our alliance has assisted us in our pursuit of excellence and innovation in service delivery.

Together we have worked throughout the year with other partners to deliver projects that have improved the economic and social wellbeing of County Durham and its stakeholders. Whilst not comprehensive, the following is a sample of some of our highlights during 2017/18.

Lumiere

Lumiere returned to Durham in 2017 with a spectacular raft of installations and projections illuminating Durham's buildings, streets and public spaces. Some of the 29 installations included "For the Birds", an immersive journey through the wilderness with over 20 light and sound installations to discover, as well as a beautiful exhibit in St Oswald's church created from 2000 shards of glass.

240,000 people visited the light festival over four days. Extra buses operated from the P&R sites and extra staffing was arranged to assist with crowd control.

Kynren: an Epic Tale of England

Kynren is an open air performance against the backdrop of Auckland Castle. It takes spectators on a journey through British history, from Roman times to the Second World War, through the Viking invasions, the Tudors, the Industrial Revolution and the Roaring Twenties. Audiences of up to 8,000 people filled the venue on 17 different occasions over the summer, and has

boosted the local economy of Bishop Auckland. In order to manage parking in the vicinity of the site, an Event Day Controlled Parking Area was introduced which provided free parking permits to residents and businesses and allowed them to park close to their properties.

The Miners Gala

The Durham Miners Gala known locally as 'The Big Meeting' is held every year on the second Saturday in July. The event is associated with the coal mining heritage of the Durham Coalfield, which stretched throughout our county. It consists of the parading of banners accompanied by brass bands to the old racecourse where political speeches are delivered. We were proud to support the event through the increased provision of P&R buses, improving the quality and accessibility of public transport for some of the many thousands of visitors to our city.

Durham City's Traditional Christmas Festival

Durham's award winning Christmas Festival returned in 2017, with a wide range of markets and festive entertainment for all the family in and around the World Heritage site of Durham Cathedral and Castle. An extended P&R service operated during the event. We also operated our P&R service free of charge on Christmas Eve.

Staff Structure and Training

We have worked in partnership with NSL Services since the introduction of our first Durham City CPZ in 2000, and our bus service operator Scarlet Band since 2014.

Our partnerships are overseen by the Parking & Transport Infrastructure team, contained within the Council's Strategic Traffic section.

Parking & Transport Infrastructure staff structure and training

The success of our services depends on the commitment and motivation of our staff.

As many of our systems and processes are complex, we recognise that it is essential that we give staff the skills and training to do their jobs effectively and professionally.

We also recognise the importance of aligning the aims and objectives at a wider strategic level to the individual jobs in the Parking & Transport Infrastructure team so that staff know what they should be doing, how they should be doing it and how this fits with the organisation's overall vision and agenda.

Managers have undertaken specialist training and can demonstrate an understanding of:

- Government transport policy and objectives
- The role of parking regulations and enforcement
- The legal framework for CPE
- Applying our published policies
- The values and expectations of our stakeholders as expressed in the Council Plan and LTP3
- Blue Badge abuse legislation

Each 'Parking Services' team member has undertaken specialist training and has an understanding of:

- The legal framework for CPE
- Applying our published policies
- Parking contravention codes and descriptions, and their use
- Challenges and representations
- Mitigation
- TROs
- Signs and lines

Appendix C details the staff structure within the Parking & Transport Infrastructure team.

NSL Services staff structure and training

NSL Services provide resource for enforcement and management of all prohibited, restricted and permitted parking within the CPE area. They also undertake processing of all PCNs up to NtO stage, operate the Durham P&R sites, take payments for the Durham RUC, maintain P&D machines, and undertake cash collection and banking.

NSL Services consider that having a stable, experienced and motivated workforce is one of the most important elements of running a successful parking operation. At the heart of this are the learning opportunities and the training and development support given to the front line operations teams, their team leaders and managers, and to the business teams and support functions that help them to fulfil their roles.

Appendix C details the staff structure for NSL Services.

Appendix D details the training plan set out by NSL Services for its employees.

Financial Performance - Parking

The operation of our services generates significant income and expenditure. For our operations to remain self-financing it is necessary to ensure that our income is, and remains, in line with our expenditure.

We aim for a cost neutral package of services where all costs are met from revenue generated through on and off-street P&D, PCNs, and P&R fares.

Parking Services financial information

Income from on-street parking charges and PCN payments (whether for on-street or off-street enforcement) must only be used in accordance with section 55 of the Road Traffic Regulation Act 1984 (RTRA 1984). Any income remaining after enforcement costs have been met must be used for transport provision for the benefit of road users.

Parking Services account

The tables below show the income and expenditure for parking over the last three financial years.

	2015/16		2016/17		2017/18	
Administration	Income	Expenditure	Income	Expenditure	Income	Expenditure
Staffing	£0	£258,147	£0	£284,241	£0	£283,489

Total	N/A	N/A	N/A	N/A	£2,728	£7,976

Surplus

Parking Services total income of £3,726,785, minus expenditure of £2,924,342 leaves a total surplus of £802,443.

This surplus has contributed to the operation of Durham City Shopmobility. Shopmobility loans scooters and wheelchairs to members with a mobility difficulty and offers a fully accessible minibus service that is used to transport registered members to and from their homes to the city centre.

The surplus has also been spent on the provision of public transport to Durham's Historic Peninsula through the Cathedral bus. The Cathedral bus offers easy access to the Cathedral and Castle as well as city centre shopping areas from the railway station and off-street car and coach parks. The service was introduced to support a reduction in vehicular traffic on the historic peninsula and World Heritage site.

Contributions are also made to the provision of bus services in areas that are not operated commercially. The 'Link 2' bus is a pre-bookable bus service for people making journeys where there is no suitable bus, for example in rural areas where the bus service may be limited. Each bus is fully accessible for people with disabilities or mobility problems.

Additionally, surplus has been spent on introducing, removing and refreshing signs and road markings within County Durham.

Forecast for Financial Year 2018/19

Administration

Administration costs are expected to remain largely unchanged.

Administration forecast 2018/19	Income	Expenditure
Parking & Transport Infrastructure Team	£0.00	£310,000
Operation of the Parking Shop	£0.00	£375,000
Other administrative costs	£41,000	£13,000
Total	£41,000	£698,000

Enforcement

It is expected that the costs associated with enforcement will show an increase on the previous years due to the impact of the new minimum wage.

Enforcement forecast 2018/19	Income	Expenditure
Penalty Charge Notices	£650,000	£30,000
Civil Enforcement Officers	£0.00	£650,000
Total	£650,000	£680,000

On and off-street parking

Changes were made to parking charges in Durham City during 2017/18. On-street tariff increases were brought in to free up spaces for residents, and off street changes provided a simplification of the tariff structure.

However, due to the removal of one of our main city centre car parks, there is expected to be a reduction in income, and an increase in expenditure associated with new machines offering a contactless payment option for customers.

On & off-street parking forecast 2018/19	Income	Expenditure
On-street parking	£1,200,000	£150,000
Off-street parking	£900,000	£450,000
Total	£2,100,000	£600,000

Road User Charge & Access Management

The daily RUC will remain at £2. Consequently, there is expected to be no change in income. There will continue to be no expenditure as the system remains under warranty.

Road User Charge & Access Management 2018/19	Income	Expenditure
Durham Road User Charge & Access Management	£10,000	£26,000
Total	£10,000	£26,000

Park & Ride

It is intended to maintain P&R fares at their current level. As Lumiere took place during 2017/18, we will expect to see a slight decrease in income for 2018/19.

Expenditure will increase slightly as contract prices and bills rise in line with inflation.

Park & Ride Forecast 2018/19	Income	Expenditure
Park & Ride service	£750,000	£1,300,000
Park & Ride advertising	£10,000	£0
Total	£760,000	£1,300,000

EV Charging

EV costs will be relatively small until our charging network is developed

EV Charging Forecast 2018/19	Income	Expenditure
EV Charging Infrastructure	£4,000	£9,000
Total	£4,000	£9,000

Parking Services total expected income of £3,565,000, minus expected expenditure of £3,313,000, would leave a total surplus of £252,000.

Financial Performance – Bus Stations

Income and expenditure is as follows:

Durham Bus Station	2015/16		2016/17		2017/18	
	Income	Expenditure	Income	Expenditure	Income	Expenditure
Rent	£0	£0	£0	£0	£0	£0
Premises	£0	£120,317	£0	£46,922	£0	£126,448
Supplies and Services	£4,444	£16,629	£5,172	£98,958	£0	£17,114
Advertising	£3,425	£0	£2,900	£0	£8,031	£0
Total	£7,869	£136,946	£8,072	£145,880	£8,031	£143,562

Stanley Bus Station	2015/16		2016/17		2017/18	
	Income	Expenditure	Income	Expenditure	Income	Expenditure
Rent	£32,550	£0.00	£32,750	£0.00	£39,397	£0
Premises	£3,650	£125,638	£4,395	£129,187	£0	£130,317
Supplies and Services	£5,742	£12,053	£2,228	£9,681	£0	£5,113
Advertising	£260	£0	£42	£0	£0	£0
Total	£42,202	£137,691	£39,415	£138,868	£39,397	£135,430

Consett Bus Station	2015/16		2016/17		2017/18	
	Income	Expenditure	Income	Expenditure	Income	Expenditure
Rent	£5,000	£0.00	£5,000	£0.00	£5,000	£0
Premises	£0.00	£78,107	£0.00	£84,675	£0	£76,615
Supplies and Services	£3,000	£0.00	£2,249	£904	£0	£16
Advertising	£0.00	£0.00	£0.00	£0.00	£2,480	£0
Total	£8,000	£78,107	£7,249	£85,579	£7,480	£76,631

Bishop Auckland Bus Station	2015/16		2016/17		2017/18	
	Income	Expenditure	Income	Expenditure	Income	Expenditure
Rent	£3,050	£0	£3,050	£0	£3,050	£0
Premises	£0	£43,917	£0	£34,041	£0	£36,312
Supplies and Services	£0	£0	£0	£0	£0	£0
Advertising	£0	£0	£0	£0	£0	£0
Total	£3,050	£43,917	£3,050	£34,041	£3,050	£36,312

Peterlee Bus Station	2015/16		2016/17		2017/18	
	Income	Expenditure	Income	Expenditure	Income	Expenditure
Rent	£0	£0	£0	£0	£5,523	£0
Premises	£0	£63,537	£80	£51,794	£0	£34,897
Supplies and Services	£0	£7,059	£0	£9,674	£0	£23,114
Advertising	£0	£0	£0	£0	£0	£0
Total	£0	£70,596	£80	£61,558	£5,523	£58,011

The total income of £63,481 minus expenditure of £449,946 left a total deficit of £386,465. This shortfall is partially funded by bus station departure charges paid by bus operators to our Sustainable Transport section.

Statistical Performance

Penalty Charge Notices (PCNs)

A total of 21,819 on and off-street PCNs were issued from 1 April 2017 - 31 March 2018. The total number of PCNs for each contravention can be found in Appendix E and Appendix F.

	2015/16	2016/17	2017/18
Number of on-street PCNs issued	15,236 (67%)	16,254 (67%)	14,403 (66%)
Number of off-street PCNs issued	7,325 (33%)	8,185 (33%)	7,310 (34%)
Total	22,561	24,439	21,819

The line graph below shows the total number of PCNs issued over the last six years. There was an increase in 2013/14 due to the implementation of CPE in the south of the county. The PCN issue rate had stabilised but has increased slightly in 2016/17, before levelling out again in 2017/18.

Line graph showing the number of PCNs issued over the last six years

Number of PCNs issued in 2017/18 on a month by month basis

Payment stage (PCNs)

When a PCN is issued, payment of the charge may be made at various stages of representation and appeal in accordance with relevant primary legislation and regulations. Early payment results in a discounted charge being accepted. Late payment generally results in higher charges being payable.

The figures below are correct as of 2nd July 2018:-

	2015/16	2016/17	2017/18
PCNs paid within 14 days (discounted)	13,953 (51%)	14,739 (60%)	12,927 (47%)
PCNs paid before Charge Certificate served (within 56 days)	1,648 (6%)	1,988 (8%)	1,823 (6%)
PCNs paid after Charge Certificate served	327 (1%)	495 (2%)	269 (1%)
PCNs with an amount outstanding	1,720 (6%)	1,967 (8%)	1,702 (7%)
Charge Certificates registered	973 (4%)	2,575 (11%)	2000 (7%)
Warrants of Control issued	1,299 (5%)	1,907 (8%)	2,050 (7%)
PCNs written off (unrecoverable and foreign vehicles)	149 (0%)	221 (1%)	220 (1%)
PCNs cancelled	7,334 (27%)	5,132 (21%)	6,585 (24%)

PCN challenges, representations and appeals

A PCN may be contested at various stages in accordance with relevant primary legislation and regulations.

- An informal challenge can be made before the issue of an NtO
- A formal representation can be made after the issue of the NtO but before the issue of a Charge Certificate
- An appeal to the TPT can be made following the service of a Notice of Rejection of representation.

Challenges	2015/16	2016/17	2017/18
PCNs resulting in informal challenge	7,317 (32% of all PCNs)	7,171 (29% of all PCNs)	7,414 (34% of all PCNs)

Of which resulted in cancellation of PCN	11 (40% of all appeals)	6 (24% of all appeals)	5 (20% of all appeals)

Our objectives performance

Our objectives enable us to quantify our performance and confirm that the desired outcomes are being achieved. In addition, they help us to understand our customers' needs and identify ways of improving the quality of the services we deliver.

Detailed below are our objectives along with the appropriate performance measures. They clearly demonstrate how the day-to-day work of Parking & Transport Infrastructure and its partners, NSL Services and Scarlet Band, has once again successfully contributed to the achievement of our organisational aims.

Our objectives	Performance measure	2015/16	2016/17	2017/18
1 - Improve road safety through the enforcement of School Keep Clear restrictions and areas marked by zigzags	Number of PCNs issued on School Keep Clear restrictions and pedestrian crossing zig zags (contravention codes 48 & 99)	147	256	168
Comment	<i>We consider road safety to be of paramount importance. Officers enforce restrictions outside of schools on a daily basis, and priority is given to those where we have received reports of dangerous parking.</i>			
2 - Increase passenger journeys on the P&R service by continuing to provide a high quality accessible service	Number of passenger journeys on the P&R service	1,112,539	1,026,693	1,044,569
Comment	<i>We continue to have over one million annual passenger journeys on our P&R buses.</i>			
3 - Improve quality and accessibility of public transport through the enforcement of bus stop clearway markings and taxi ranks.	Number of PCNs issued on bus stop clearways and taxi rank restrictions (contravention codes 45 & 47)	291	352	171
Comment	<i>We are continuing to tackle the abuse of bus stops and taxi ranks to improve the quality of public transport throughout the county.</i>			
4 - Improve road safety and the local environment by educating drivers about the implications of their actions	Number of challenges and representations rescinded on the first occasion (includes Blue Badges, invalid scratch cards and valid P&D ticket produced only)	3,659	3,362	3,332
Comment	<i>Parking Services and its partners are aware that the purpose of the penalty charge is to dissuade motorists from contravening parking restrictions, not to raise revenue. Therefore, where an undoubted contravention has occurred we may offer advice and guidance on the first occasion, but question the circumstances more closely if subsequent PCNs are issued.</i>			

Our objectives	Performance measure	2015/16	2016/17	2017/18
5 – Support economic growth by assisting in the organisation of festivals and special events	Number of festivals and special events where the P&R service was used.	5 Miners Gala, Pearl Izumi Cycle Race, Durham Big Ride, Christmas Festival, Father's Day Bus Rally	6 Tour Series Cycle Race, Miners Gala, Durham City Run, Kynren, Durham Big Ride & Beast, Christmas Festival	6 Tour Series Cycle Race, Miners Gala, Durham City Run, Streets of Brass, Lumiere, Christmas Festival
Comment	<i>Once again we have worked throughout the year with other partners to deliver projects that have improved the economic and social wellbeing of County Durham and its stakeholders.</i>			
6 - Meet the needs of people with disabilities by ensuring legitimate use of designated Blue Badge holder bays	Number of PCNs issued in Blue Badge holder bays (contravention codes 40 & 87)	2,656	2,548	2,168
Comment	<i>Abuse of disabled bays continues to be a problem throughout County Durham; however drivers are becoming more educated and compliant with the restrictions.</i>			
7 - Build liveable streets and neighbourhoods through the introduction and effective management of CPZs and CPAs.	Number of permits issued within CPZs and CPAs	9,869	9,764	9,580
Comment	<i>No additional permit zones have been introduced during 2017/18, so the number of permits issued remains steady.</i>			
8 - Ensure the expeditious movement of traffic through the enforcement of waiting and loading restrictions	Number of PCNs issued on waiting and loading restrictions (contravention codes 01 and 02)	3,227	3,767	3,161
Comment	<i>Year on year we continue to address contraventions on waiting and loading restrictions. The issue of a PCN discourages motorists to contravene the restrictions in future, which in turn helps to keep traffic moving.</i>			

Our objectives	Performance measure	2015/16	2016/17	2017/18
9 – Improve the accessibility of public transport by delivering improvements to transport infrastructure	Refurbishment of bus stations	Peterlee Bus Station refurbishment underway	Peterlee Bus Station refurbishment completed	Continued maintenance and refurbishment
Comments	<i>Continued refurbishment and maintenance to all bus stations identified through regular inspection regime.</i>			
10 – Support the local economy through the enforcement of limited waiting bays	Number of PCNs issued in limited waiting bays (contravention codes 22 & 30)	507	424	317
Comments	<i>Limited waiting bays are introduced in commercial areas, providing convenient short stay parking for motorists to use the facilities on offer. Enforcement discourages motorists from parking in the bays all day, meaning that more space is available for customers.</i>			
11 – Preserve the historic environment of Durham City through the enforcement of the 'Historic Core Zone'	Number of PCNs issued within the 'Historic Core Zone' (Market Place, Silver St, Framwellgate Bridge, Elvet Bridge, Saddler St, North Bailey, South Bailey, Owengate, Bow Lane, Dun Cow Lane)	543	581	567
Comments	<i>Durham is home to the World Heritage site of Durham Cathedral and Castle. The RUC and the Historic Core Zone aim to reduce traffic congestion, reduce pollution and improve air quality in the heavily pedestrianised historic streets of Durham peninsula. Whilst the RUC discourages access between 10:00am and 4:00pm, the Historic Core Zone restriction means that parking is only permitted in designated loading and disabled bays and reduces the requirement for yellow lines in the historic area.</i>			
12 – Meet the needs of people with disabilities by prosecuting those who misuse Blue Badges	Number of successful Blue Badge prosecutions	1	0	7
Comments	<i>Parking Services will be undertaking an enforcement campaign alongside the Council's Corporate Fraud department to tackle blue badge misuse in 2018/19. Anyone found misusing badges will be prosecuted through the courts.</i>			

Glossary of terms

Cancellations

A Penalty Charge Notice is cancelled when we believe that it would be unjust to pursue the case or when there is an applicable exemption.

Challenge

An objection made against a Penalty Charge Notice before a Notice to Owner is issued.

Civil Enforcement Officer – CEO

This is the name given to officers employed by the council or through a specialist contractor. In County Durham they are employed through NSL Services.

Civil Parking Enforcement – CPE

This is the name given to the enforcement of parking regulations by Civil Enforcement Officers (CEOs) under the Traffic Management Act 2004.

Contravention

Failure of the motorist to comply with traffic or parking regulations as set by local Traffic Regulation Orders (TROs).

Controlled Parking Area – CPA

Areas outside of Durham City where parking is restricted to permit holders between specified hours.

Controlled Parking Zone - CPZ

An area where parking is restricted during specified times. This ensures that the needs of all motorists are catered for within the city. Signs are placed at entry points throughout the zone and where the restrictions differ to those on entry. There is no requirement to sign double yellow lines however single yellow lines will be signed.

Council Plan

The overarching plan that directs the planning of all services in the council. It sets out how we will deliver our corporate priorities for improvement and the key actions we will take in support of delivering the longer-term goals.

Department for Transport – DfT

This is the Government department responsible for the English transport network and transport matters in Scotland, Wales and Northern Ireland which are not devolved. The department is run by the Secretary of State for Transport.

Driver & Vehicle Licensing Agency - DVLA

The Driver and Vehicle Licensing Agency is an executive agency of the Department for Transport (DfT) who hold over 47 million driver records and over 39 million vehicle records and collect around £5.6 billion a year in Vehicle Excise Duty (VED).

Historic Core Zone – HCZ

Located on Durham peninsula, the HCZ allows for a more flexible approach to the installation of traffic signs and lines to support traffic regulations. It allows us to reduce the visual intrusion created by signs and lines in this historically sensitive area. Signs and road markings are reduced to an absolute minimum, mainly at the entry to the HCZ and at designated loading and disabled bays. There is no parking or loading on the peninsula except in those areas indicated.

Local Transport Plan 3 – LTP3

A comprehensive plan for the future of transport in County Durham, prepared in accordance with the Department for Transport (DfT) guidance.

North East Smart Ticketing Initiative – NESTI

The NESTI programme will create a smart ticketing infrastructure that covers the public transport network in the North East. The Programme is funded by the 12 Local Authorities in the North East, the Tyne and Wear Integrated Transport Authority and Nexus.

Notice to Owner – NtO

This is a statutory notice that is served by the authority to the registered keeper of the vehicle that was issued with the Penalty Charge Notice (PCN). This will be served when a PCN is unpaid for 28 days. When the registered keeper, or the person the council believed to be the keeper of the vehicle, receives this they can either:

- make a payment of the full charge
- make a representation (an appeal)

NSL Services

NSL Services is Durham County Council's parking enforcement provider working under contract.

Off-street parking

These are car parking facilities provided on private land, i.e. not on the public highway.

On-street parking

These are facilities provided on the kerbside such as pay and display or permit parking.

Operational Guidance to Local Authorities: Parking Policy and Enforcement

Sets out the policy framework within which the Government believes that we should be setting our parking policies. It also advises us of the procedures that we must follow, must have regard to and recommends we follow, when enforcing parking restrictions.

Park and Ride - P&R

There are three P&R sites located on the outskirts of Durham City that operate 7:00am – 7:00pm Monday to Saturday.

Parking Policies in County Durham

Sets out our strategy and policies in relation to parking, and is available at www.durham.gov.uk/cpe.

PATROL

The Joint Committee of England and Wales for the civil enforcement of Parking and Traffic Regulations Outside London.

Penalty Charge Notice – PCN

This is issued to a vehicle that is believed to be parked in contravention of the local Traffic Regulation Order.

Registered Keeper

The person who is deemed to be legally responsible for the payment of a PCN. These details are obtained from the Driver and Vehicle Licensing Agency (DVLA).

Representation

This is a challenge against the PCN after the Notice to Owner is served.

Road User Charge – RUC

A £2 Road User Charge operates in Durham city centre from 10:00am to 4:00pm Monday to Saturday, with the aim of reducing congestion to the historic peninsula area. Non payment of the charge may result in the issue of a PCN under the Transport Act 2000.

Scarlet Band

Scarlet Band is our current P&R bus service operator, working under contract since November 2014.

Traffic Enforcement Centre - TEC

The Traffic Enforcement Centre (TEC) at Northampton County Court processes requests to register Charge Certificates.

Traffic Management Act 2004 – TMA

This act was passed by UK Government in 2004. This law details street works and parking regulations. The act has been implemented since 31 March 2008.

Traffic Penalty Tribunal – TPT

The TPT decides appeals against parking penalties, bus lane penalties and congestion charging penalties in England (outside London) and Wales.

The TPT is the final stage of appeal for motorists or vehicle owners against a penalty issued by a council in England (outside London) and Wales.

Traffic Regulation Order – TRO

This is the statutory legal document necessary to support any enforceable traffic or highway measures.

Appendices

Appendix A – Summary of permitted, prohibited and restricted parking in County Durham

Prohibited and restricted parking: -

No Waiting restrictions

There are approximately 265km of waiting restrictions

No Loading restrictions

There are approximately 35km of no loading restrictions

Blue Badge holder bays

There are approximately 60 blue badge holder bays

Loading bays

There are approximately 130 loading bays

Taxi bays

There are approximately 90 taxi bays

Police bays

There are approximately 8 police bays

Bus and coach bays

There are approximately 8 bus and coach bays

Bus Stop Clearway

There are approximately 1,880 Bus Stop Clearways

School Keep Clears

There are approximately 265 'School Keep Clears' covering a distance of 8 km

On Street Parking: -

Pay and Display parking bays

There are 1,713 on street pay and display bays

Permit parking areas

There in excess of 100 permit holder only streets

Limited waiting bays

There are approximately 135 limited waiting bays

Off-street parking: -

Appendix C – Staff Structure

Parking & Transport Infrastructure Team

NSL Services

Appendix D – NSL Services training plan

Training requirement	NSL Services provision
Career growth and fulfilling potential	NSL SERVICES GROUP Academy with development, training and certified qualifications at each level
Planned approach	<p>L&D strategy with annual training plans</p> <p>Twice yearly L&D reviews</p> <p>Team Training Plans to meet individual and team needs delivered by managers and with L&D function delivery or support as required</p>
C&G PA qualification	Learning delivered as part of Streets Ahead induction prior to working on street with exam at end of course. Individual support and re-sit option where appropriate. Thereafter all staff undertake guided on job development and regular performance review during the first three months to ensure competency in the role
Customer focus, conflict and tourist training	<p>All employees undertake the Driving Customer Focus Certificated Programme as part of Induction Programme before undertaking their role. The programme covers customer service, conflict management and bespoke local and client requirement knowledge and practical activity</p> <p>Ongoing development within the first nine months includes all employees undertaking a further in depth certificated Conflict Management Course run by Maybo and an individually designed contract and local area/tourist 'Ambassador' Programme</p>
<p>Specific roles:</p> <ul style="list-style-type: none"> • Team leader/Manager • OBPA's • Radio Controller • Lines and Signs 	<p>NSL SERVICES GROUP has developed a series of job role specific training programmes, and deliver SIA licensed training courses where appropriate to meet the needs of specific roles and where PA and other staff have additional responsibilities</p> <p>Prior to commencement of induction a training and delivery plan is formulated to meet the job skills training needs for groups or individuals in addition to induction and Driving Customer training requirements and is delivered and monitored by the contract Training Officer and L&D Team.</p> <p>Further group and individual training needs are identified and built into the annual team plan to ensure all requirements are met</p>

Training Requirement	NSL SERVICES GROUP Provision
NVQ Level 2 Controlling Parking Areas or equivalent	<p>NSL SERVICES GROUP Stage 2 Academy Award – Driving Excellence provides all staff with the opportunity to undertake a programme of training and development, assessment, external verification, certification and achievement award after 3 months of employment. Usually achieved within 9 months employees undertake a programme that uses NVQ/NVQ Lv 2 CPA as the minimum standard but which additionally includes further learning and development with an additional Team Work module</p> <p>At 9-24 months employees are then able to progress to Stage 3 award by undertaking further development modules focused on multi skilling, advanced customer and client relations and team leader appreciation before being considered for promotion and progression through stage 4 and 5 team leader and manager development</p>
Refresher training / briefings	<p>Managers and Team Leaders are provided with trainer skills training, L&D coaching and resource support to enable them to fulfil their key responsibility of training the staff on a regular basis – in training sessions and at briefings. Activity is monitored regularly by the L&D Manager through performance reviews conducted by line managers and additional training delivery is provided by the contract Training Officer to ensure that all refresher and new skills/knowledge training is completed</p>
Training support, evidence and achievement	<p>All employees are provided with quality training materials, workbooks and personal / job skills development records. In addition NSL SERVICES GROUP operate a personnel and training record process where every training activity, development programme and certificated / accredited learning activity is recorded commencing at induction and updated throughout the individual's career. L&D Reviews and regular Training Officer & HR Manager visits ensure that all records are updated and maintained regularly. Copies of certificates are placed on the individual's files and can be provided as required</p>

Training Requirement	NSL SERVICES GROUP Provision
