## Introduction

The following matters have been raised to draw items to the attention of Parking & Traffic Regulations Outside London Adjudication Joint Committee. These matters came to the attention of BDO LLP during the audit of the annual return for the year ended 31 March 2014.

The audit of the annual return may not disclose all shortcomings of the systems as some matters may not have come to the attention of the auditor. For this reason, the matters raised may not be the only ones that exist.

The following issue(s) have been raised to assist the body. The body is recommended to take action on the following issue(s) to ensure that the body acts within its statutory and regulatory framework.

#### **Internal auditor's recommendations**

##### *What is the issue?*

The internal auditor has noted a number of weaknesses in the financial systems of the body.

##### *Why has this issue been raised?*

The body is exposed to the risks associated with these weaknesses.

##### *What do we recommend you do?*

The body must implement the recommendations made by the internal auditor to improve the financial systems of the body as soon as possible or in any event before the end of the current financial year.

If the body addresses all the issues raised by the internal auditor the body should improve internal controls which will help to prevent and detect error and fraud and assist the body to operate in an effective and efficient manner.

#### **Fidelity Guarantee**

##### *What is the issue?*

The body has fidelity guarantee cover, however this appears to be insufficient in light of the bank balances held at 31 March 2014.

##### *Why has this issue been raised?*

A body, under S114 of the Local Government Act 1972, must take security as it considers sufficient in the case of any of its officers likely to handle its money. The body may decide that insurance is not 'sufficient' for them, but in order to come to this opinion it must have reviewed the requirement annually and have objective grounds for such a conclusion.

##### *What do we recommend you do?*

The body should consider the level of insurance cover and set it to a level that will protect the body against potential loss. The body should review the level of cover at least annually as circumstances may change throughout the year.

The amount should be sufficient to cover the maximum amount of money the body holds at any one time during the year. A body does not have to have fidelity guarantee insurance if it considers that no security is 'sufficient' but there must be objective grounds for such a conclusion.
